

## Stay at home ideas. 04.05.2020

- **Make a car track**

Grab some white sticky tape and mark out some roads either on a large piece of cardboard or the floor. Drive your cars along your road. Make different sized roads. See what shapes you can make too.

EAD/PD/Maths.

- **Marble painting**

Line a basin with some paper. Dips some marbles in bowls with different coloured paints. Place the marbles in the basin. See what marks, patterns and colours that you can make as you shake, tilt and move the basin.

Lit/EAD

### Tate Ideas:

#### Marbled Paper Foam

<https://www.tate.org.uk/kids/make/paint-draw/make-marbled-paper-foam>

#### Interactive Paint board

Create a fun pictures on an interactive paint board from the Tate.

- **Chopping Vegetables**

Why not practice slicing and chopping vegetables? It's also great way to also talk about counting and come up with your own

maths problems that need to be solved.
